Recent Testimonials

I think for me, the biggest impact of the ministry has been two areas. The first was a radical shift in my understanding of forgiveness. As this is an area you stress, I'm sure this comes as no surprise. It is amazing once you understand this correctly how it brings the Scripture to life and deepens one's relationship with God and others. The second is the change in my understanding of Scripture through putting the words in context of the time and the people. This helps to remove my modern lenses in reading Scripture and help me to understand what God is really saying. The only downside is that once you start to learn these things it can get a little lonely as so many Christians don't take the time to dive deeper and

believe a lot of things that simply aren't in Scripture or are in Scripture but don't mean what they think it means. Most people with whom I've shared what I've learned from the ministry have a hard time grasping it or being willing to release long held beliefs. I praise God, however, that one of my closest friends has come along with me on this journey of learning and growing in the faith.

Thank you for your teachings. I first heard your sermons on the radio while driving in 2016, and I have been listening ever since. Your teachings helped me truly understand God's salvation, forgiveness, and the role of the Holy Spirit; they brought about my complete salvation and enabled me to establish a relationship with God without hindrance. Over the years, God has transformed my character—to the point where my son feels I have become a different person and is proud to call me his mother. Now, my son and his girlfriend have also started listening to your sermons and are benefiting greatly; they are even planning to start a university Bible study group to listen to your messages with their classmates. I offer my heartfelt thanks. You are a faithful servant of God who rightly divides the Word, helping us build a relationship with God and allowing Him to transform our lives.

Your teachings have so richly blessed mine and my children's understanding in regards to the Jewish origins of our Christian faith. After a fierce spiritual warfare battle abroad, upon

returning back to the USA; This is when I recalled hearing a few of your broadcasts on the radio, prior to traveling to Africa; and prior to the most fierce spiritual battle I had ever had to that time. I found your ministry online and healthy spiritual growth began again. Along with confessions, clarity, corrections, rejections that ushered in more biblical knowledge, replacements, deliverance and the implementation of restitution. There is so much you and your ministry helped in regards to sound biblical guidance and teaching according to God's word-Jesus Christ given by the only true and wise God-Adonai. Thank you and thank you!

Your ministry has been such a blessing to me. There are few teachers who present the scriptures from such a neutral position. Most are influenced by things they were taught in the past and never tested for themselves, including myself. To hear you teach on baptism and tithing is very important because these are two issues that dramatically affect our perspective on the Lord, and most teachers offer something quite different. I pray that many more find and are transformed by your ministry so that our Lord may be known and experienced for who He is, not who man makes Him out to be.

Congratulations Pastor, your teaching has been a blessing to me. I was struggling to make sense of the gospel message and who Jesus is while attending a local Indian pentecostal church. Listening to your message was an anchor to my soul to know I was not all alone but there are others who hold to the faith Jesus is the living God manifested as man.

You are the reason that I am working on a real relationship with my father God. If I've gotten anything from your teachings, that would be the biggest one. In the one that has blessed me the most. I listened to your podcast over and over and over again and I always seem to get something new out of them.

I very much enjoy listening to your radio show. I'm always impressed with the depth of your analysis and how you relate things to modern day and do it in a way that is easy to understand. I find your work hugely relatable and inspiring and has certainly made me feel closer to the Lord.
